

Lingey House Primary School PE and Sports Premium 2021/22

Department for Education Vision for the Primary PE and Sport Premium ALL pupils leaving primary school should be physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy, active lifestyle and lifelong participation in physical activity and sport. The premium must be used to fund additional and sustainable improvements to the provision of PE and sport to encourage the development of healthy, active lifestyles. It is expected that schools will see an improvement against the following 5 key indicators:

1. The engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school.
2. The profile of PE and sport being raised across the school as a tool for whole school improvement.
3. Increased confidence, knowledge and skills of all staff in teaching PE and sport.
4. Broader experience of a range of sport and activities offered to all pupils.
5. Increased participation in competitive sport.

In 2021-2022 the school received £19,360 + £9,378 rollover from previous year = £28,738 to spend on school P.E. and Sport. Outlined below is how we spent this funding.

Key Indicator	What do we want to achieve	How do we achieve it	Cost	Impact
1,2,4 & 5	All children throughout the school to continue to engage in 30 minutes of moderate to vigorous exercise every day.	<ul style="list-style-type: none"> - Utilise all school grounds so each bubble has got a playing area. - Lunchtime coach is timetabled to work with different year groups. - Provide equipment for pupils to play with. -When safe to do so open all areas so children can mix. -Sports crew to be hired and trained to lead playtime activities. - Sign up to OPAL 	<p>Lunchtime coach twice a week -£1580</p> <p>OPAL-£2440</p> <p>6 x half day (MF & KB) OPAL training supply costs £567</p> <p>Equipment- £662 of £3441, specifically spent of play equipment for lunch and break times.</p> <p>Sports coach is timetabled to be out for 30 minutes each lunchtime.</p>	By the end of the year, pupils were able to mix and children benefited from being able to use all the play areas in our school grounds at a playtime and lunchtime. Children looked forward to their lunch time session with the coach and this increased participation. Sports Crew was recruited however due to not being able to mix in first two terms we were not able to utilise them. Although we haven't seen an impact of OPAL yet but we have areas set up for September 22 and we anticipate this will provide variety of activities that are accessible for all pupils.

Staff were more confident when they were working alongside and actively joining in by taking a group. They used this session to help plan their next session without the coach and this was a great opportunity to ask any questions. After a successful deep dive it was advised to provide a more prescriptive lesson plans. After a trial using GetSet PE, all staff were in favour of using it going forward as it provides step by step instructions and they can rely on the videos to show the correct technique in an activity.
